

ACKNOWLEDGEMENTS

The preparation and technical review of this publication are the result of the valuable support of many professional from the countries of the Region of the Americas, under the general coordination of Gustavo Iturralde, with the counsel of Jean Luc Poncelet and Ciro Ugarte of the Area on Emergency Preparedness and Disaster Relief of the Pan American Health Organization.

In particular, we would like to acknowledge the excellent contributions made by the authors of the chapters of this manual: Jorge González and Alicia Basanta, Beatriz Lizárraga, Karl Western, Mary Luz Morales and Marlén Quintero, Jorge Rodríguez and Susana Castiglione, Judith Romero, and Zacarías Duarte. The publication would not have been possible without their collaboration.

We would also like to thank the following individuals and institutions who provided valuable comments during the review process of the manual: Judith Maguiña of the Instituto de Medicina Legal (Legal Medicine Institute) in Peru; Hugo Argüello and Zacarías Duarte of the Instituto de Medicina Legal in Nicaragua; Amílcar Rodas of the Department of Forensic Medicine in Honduras; Eduardo Fuhrer of the Agriculture and Livestock Service of the Ministry of Agriculture in Chile; and María Estela García of the Instituto de Medicina Legal of El Salvador.

We would also like to acknowledge the support of various national and international organizations: the Attorney General's Office and Public Ministry of Peru; the Legal Medicine Institute, the Ministry of Social Welfare, and the National Directorate for Disaster Prevention and Response (DNPAD) of Colombia; the Civil Defense of Nicaragua; and the World Bank.

Contributions from other regional offices of the World Health Organization, as well as from other international organizations increased the scope of the publication. We would like to acknowledge, in particular, the assistance of Michel Thieren, Eric Noji, and Luis Jorge Pérez.

Mary Elizabeth Stonaker edited the final English version of the manual under the general supervision of Ricardo Pérez of the Area on Emergency Preparedness and Disaster Relief of PAHO/WHO.

Many other individuals enhanced this text with their comments and suggestions. We are grateful to all of you.
