

## **How to have access our Electronic Publications**

Our electronic publications are hosted at ingenta select. Once you have purchased the publication through our Online Bookstore, you should follow the steps below to gain one year's access to the electronic version of the selected title.

1. If you have registered to other journals or publications at ingenta select, you should have a CID number, which you can send to [rodrigue@paho.org](mailto:rodrigue@paho.org), and this will give you access in 24 hours to the electronic title. If you don't have a CID number, you should follow step 2.
2. Go to this link: (<http://www.ingentaselect.com/rpsv/cw/web/nw1/setup.htm>), give your contact details and your IP address range(s), or a username and password if this is your preferred method of access. Once you fill out this form, you will be allocated an ID number (CID) that should be noted and forwarded to [rodrigue@paho.org](mailto:rodrigue@paho.org) in order to receive access to the electronic title selected.

If you are an institution we recommend you to use IP address recognition instead of username and password.
